

Concierge Support

From Experian Data Quality

Experian Data Quality concierge service packages

Experian Data Quality (EDQ) Concierge packages provide our Clients with support and services unparalleled in the industry. Concierge Clients are able to directly access EDQ's most experienced Software Analysts and Consultants, enjoy the benefits of an enhanced Service Level Agreement (SLA) for response times, and take advantage of a range of Professional Services, best practice consulting, and training. Regardless of which package you select, EDQ Concierge makes it easy for Clients to get the level of support their business requires.

What can Experian Data Quality's Concierge do for you?

Easy access to the experts

Whether it's through our Concierge phone lines or utilizing our self-service portal, you get direct access to our most experienced Software Analysts. The EDQ Concierge team is made up of senior-level analysts from across each of our product lines. So not only will you get direct access to the highest level of knowledge available, you'll have that knowledge for the exact product line you need assistance with.

Reduced costs and easier budgeting

The bundled Professional Services hours and training available through Concierge makes budgeting for customizations and training even easier, and at a significantly lower cost than if purchased separately. Clients can even purchase additional Professional Services hours at a discounted rate* if required.

Faster responses and more available services

All of our Concierge packages come with priority call and case routing. Our Premier and Elite Concierge packages come with enhanced SLAs, providing our fastest response times for support inquiries and/or requests. Clients also receive the benefit of either an annual or bi-annual Data Best Practice assessment, providing a detailed analysis of your data quality solutions, suggested workflow, and integration enhancements, as well as best practice recommendations to improve data quality and client experience.
